CHICAGO LIVE STOCK MARKET. BEEF CATTLE-Some idea of the condition BEEFCATTLE—Some idea of the condition of trade to-day may be gathered from the fact that, of the 4,90 Beeves which were in the pens and offered for sale, less than 500 found purchasers. The weather was mild and pleusant; indeed, all that could be desired for active out-door operations. The attendance of buyers, of all classes, was fully up the average, and the quality of the offerings was excellent. But notwithstanding these favorable circumstances, trade was stignant, lifeless, and prices were nominally lower. Advices from New York, Buffalo, and in fact from all prominent Eastern points. J. Goldstein

J. Goldstein was a disposition manufacted to make current at the close of the market last week, but this was a concession that holders flutly refused to make, and the result was, that with one or two unimportant exceptions, no shipping stock changed hands. Between 20 and 20 head, however, were forwarded in first hands, owners preferring this course, to submitting to the concessions demanded here. The arrivals were generally of good quality and embraced some of the first droves offered here this senson.

CATTLE—The sales of cattle since our report of Wednesday last, foot up 2,972 head—Of this number 1,529 head were reported in our losue of Saturday morning last. The sales for the previous week were 2,936 head at prices ranging irom \$3,126-5,9 b hundred.—The market exhibits no signs of improvement, and indeed if there is any change it is only to be noted as decidedly for the worse, as prices were lower and eastern buyers were slow to fake hold. There were, however, no very choice beeves offering. The quality, however, was fair stock. Since Friday evening last the sales foot up 713 head, at prices ranging from \$3,000 s,5 2 hundred.

SHEEP—The sales of sheep since our report of Friday evening last foot up 9,348 head and for the week, 13,62 head, against \$,455 bead the previous week, when prices fanged from \$2,564,59 hundred. Prices since our last ranged generally from \$5,506-3,9 hundred. A few extra sold ingher and a great many, until for much of anything, sold much lower. Sales, however, were readily effected for nearly all kinds. There were some very fair multion sheep on sale, but the general grades were common and half common.

HOGS—The sales of hogs since our report of Friday evening last foot up 1,28 head, against 7,51 head for the previous week, when prices maged from \$8,360,50 % hundred. The entire sales of the week were 6,388 head, against 7,51 head for the previous week, when prices maged from \$8,360,11,20 % hundred.
